# A MESSAGE TO OUR READERS

Thank you for reading the 2019 issue of **InSight Magazine** – known as “The Chamber Book”! This publication is created to showcase and promote both the members of the Midstate Chamber of Commerce and the central Connecticut community. Whether you are a resident, a business person or a visitor, we know that you will find yourself regularly referring to this publication. (And please note that it can always be found online at [www.thechamberbook.com](http://www.thechamberbook.com))

Like most Chambers of Commerce, we do offer many special events and regular morning, lunch and evening programs to connect and educate our members to each other but our work does not stop there.

Here at the Midstate Chamber, we also work on the concerns that affect all businesses like housing, legislative issues, cradle to career education, transportation and workforce development. These are all regional initiatives that are important to the business community and that is the reason that we actively participate with a cadre of partners within and well beyond our own municipal borders. Sometimes we work quietly behind the scenes with one-to-one meetings and other times we act more in the public arena with public policy statements like our Annual Legislative Action Agenda.

The NEW CTRail Hartford Line commuter rail service is one specific example of how this chamber is always thinking regionally. After advocating for the improved level of service for years, we were pleased to ride on the train for the inaugural service startup in June of 2018. The 17 bi-directional trains have already proven to be a valuable asset to job seekers, employers and visitors in getting connected. In addition, it has quickly become a catalyst for development all along the corridor. The municipalities of Berlin, Meriden and Wallingford are seeing interest from the development community. Housing and other economic development projects are popping up!

*Nathaniel Bottone, Owner, Salon Nathaniel, and Chairman of our Midstate Chamber Board of Directors, with Séan W. Moore, President, Midstate Chamber of Commerce*

We remain constantly involved in opportunities for our members to improve and grow their businesses. Through the annual and voluntary investments of our members on their Chamber, our Chamber members actively support the cause to make central Connecticut a much better place to do business...and we thank them for their ongoing commitment.

The Midstate Chamber is also known to be a very open and friendly organization that is always welcoming area businesses to become a member of our organization.

**If you are excited about our energy, promotion, information and advocacy, feel free to contact the Chamber today and we'll get you connected!**

**“At the Midstate Chamber, regionalism means actually delivering quality programming, supporting and promoting the activities in all of our member communities and beyond. We don't simply imagine a vibrant region: we are actively working on it.”**

The Midstate Chamber of Commerce, Inc.

The **Membership Committee** develops, supports and enhances the membership efforts of The Midstate Chamber of Commerce. The **Chamber Ambassadors** make up the Membership Committee and are a team who serve as "liaisons" for the Chamber. The group recently started a new program: Chamber **Meet & Greet** events to increase the visibility of the Midstate Chamber - they hold "pop-up" events throughout the area and prospective members are invited to get a true "feel" for this spectacular organization.

At Fosdick, we dedicate ourselves to making that process as smooth and efficient as possible. After all, we like satisfied customers too. Fosdick basically grew up with the fulfillment business, working with businesses both large and small across the marketing spectrum – from GE to American Express to Carol Wright Gifts to IBM to Publisher's Clearing House. When DRTV grew dramatically in the 1980's, Fosdick was there to fill the full service needs of key players in that industry. # ABOUT THE REGION

**M**eriden is a thriving, diverse and growing community with a population of approximately 62,000 and has an area of 24 square miles. Meriden is *17 miles from Hartford, 18 miles from New Haven, 90 miles from New York and 120 miles from Boston*. Meriden is at the crossroads of routes 91, 15, 5 and I-691. The new *Hartford Line* rail service provides 17 trains / day between New Haven and Hartford, and 12 of those trains continuing to Springfield. The Hartford Line quickly and easily connects you to New Haven Line service to New York City, Amtrak Northeast Corridor rail services, and Shore Line East service, as well as CTfastrak bus rapid transit service in the Hartford/New Britain area. **Meriden, Wallingford and Berlin** all have new train stations to service commuters and visitors!

The Record-Journal is the local daily newspaper. Other regional papers include the Hartford Courant and New Haven Register. Meriden is home to WMMW (AM) and is the city of license for WKSS-FM. CT Public Radio, WNPR – FM90.5, broadcasts from West Peak in Meriden.

The civic vitality in the city is reflected in its various clubs, neighborhood associations, organizations and houses of worship. Countless opportunities exist for community service, worship, education, recreation and enjoyment. The support of these groups is critical, since much of their work and fundraising is directed back into the area.

Central Connecticut offers a wide variety of accommodations, from affordable rents, to reasonably priced condos to elegant homes in desirable, growing communities in which to start a new business or raise a family.

**Wallingford** is located just south of Meriden and is home to over 44,000 residents and covers an area of 39.8 square miles. Situated in the Hartford-New Haven corridor, Wallingford is traversed by U.S. Highway Route 5, Interstate 91, State Highways Route 15 (Wilbur Cross Parkway), Route 68, Route 71 and Route 150.

**Berlin**, Connecticut, the home of “The Yankee Peddler”, is located at the geographic center of the state. It has a population of around 20,000 within its 26 square miles. Meriden and Berlin share the “hanging hills” which provide for excellent hiking.

## ABOUT MERIDEN, CT

The town of Meriden was founded in May 1806 and became a City in June 1867. Meriden was originally part of Wallingford. In 1727 it was granted a separate meetinghouse, named for the town of Meriden, West Midlands, England. Myth has it that it was named after the Merry Den Tavern that was located near present day Route 5. The oldest house still standing is the Solomon Goffe house built in 1711. In the 1800's Meriden earned the nickname "Silver City" due to the large number of cutlery and related products which were manufactured here by several companies including International Silver and Meriden Cutlery.

## ABOUT BERLIN, CT

In 1659, Sergeant Richard Beckley purchased 300 acres from the Mattabasset Indians to become the first settler in what was to become Berlin. Other families followed from Farmington in 1686 to begin the first settlement on Christian Lane. In 1785 the Town was incorporated and was renamed Berlin (was known as Kensington on the west side and Worthington on the east side. New Britain was part of Berlin until 1850). In the middle of the 18th century, emigrants from Ireland set up the first winware business pedaling their wares from house to house. Therefore Berlin became the birth place of "The Yankee Peddler". In 1886, the State Legislature granted a charter for what became the Berlin Fair which is still held annually on the first weekend in October. The Town council-Town Manager form of government was instituted with a charter revision in 1995-96. **For more Berlin, CT history, visit:** [www.town.berlin.ct.us/category/subcategory.php?categoryid=14](http://www.town.berlin.ct.us/category/subcategory.php?categoryid=14)

**DOWNTOWN DEVELOPMENT IS HAPPENING!**

Meriden’s central business district is going through a major transformation! Today, projects ranging from roadway and sidewalk improvements, redevelopment of city-owned brownfield sites, and a new rail station are underway or nearing completion. A plan to develop 600 new rental housing units and 60,000 sf of retail space downtown is also underway.

**Recreation:** Open in 2016, the **award winning Meriden Green** is a 14-acre flood control/park and economic development project located in the heart of downtown Meriden. The Meriden Green, formerly known as the “Hub” site, includes several key features including a public park with gathering places and links to the regional greenway system, pedestrian links to the new transit center, and an amphitheater and great lawn area for public events. The site is designed to detain floodwaters during major storm events and also includes 3 acres for private development located above the 100 year floodplain. Pennrose Properties LLC has been selected by the City to redevelop three acres of the site and their vision includes “Meriden On the Green”, a three-phased, 225,000 square foot mixed use development at State and Mill Streets and along Pratt Street. Construction is expected to commence in 2019 pending financing approval.

Above is an aerial view of Meriden Green & Silver City Bridge

Updates on all of these downtown redevelopment projects will be regularly posted to [www.meriden2020.com](http://www.meriden2020.com) so visit frequently to stay informed and watch us bring “Silver City” pride back to downtown Meriden!

# REAL COMMUNITIES

**R**EAL is an acronym for *Recreation, Entertainment, Arts, and Leisure*. REAL illustrates the quality of life in our central Connecticut communities, reinforcing the fact that it is a great place to live, a terrific place to play and a wonderful place to raise a family. You can use this Membership Directory and Community Guide or visit the Chamber web site for the current listing of the Chamber members that are here to partner with our residents and visitors to help you make memories to last a lifetime!

**PARKS & RECREATION...**Meriden's outstanding system of parks and open space is one of the finest in the entire state. With over 3,000 acres of park land, the total percentage of Meriden's land devoted to parks is 17.6%, and no other city in New England can match that! The city's scenic location offers infinite opportunities to enjoy the beauties of the outdoors. East Peak/West Peak, the mountain on which Castle Craig is situated, is the highest elevation within 25 miles of the coastline from Cadillac Mountain in Maine to Florida. Castle Craig rises 1,002 feet above sea level and offers a spectacular view of the area, and on a clear day, even the Sleeping Giant Mountain range to the south, along with New Haven, Long Island Sound and the edge of Long Island may be seen. The Castle Craig Tower atop the peak is a regional landmark and is the silhouette in The Midstate Chamber of Commerce Logo. Castle Craig is located inside Hubbard Park.

Hubbard Park, built with consultants from John Olmstead, the step son of Frederick Law Olmstead, who designed Central Park in New York City, is one of the loveliest in New England. The park covers 1,800 acres and offers skating in the winter on Mirror Lake, tennis courts, a pavilion, swings and playground equipment for children, hiking, Bandshell, swimming pool, outdoor education and picnic facilities. Hubbard Park is the scene of wonderful seasonal activities, including the Daffodil Festival in

April, when 600,000 daffodils display their spectacular beauty. This event draws visitors from throughout New England and beyond. Several events are scheduled year round in the park - even in December, when, during the Festival of Lights, the park is aglow with thousands of lights fashioned into fantastic sculptures. Outdoor music concerts at the James J. Barry Bandshell are often presented free of charge and offer a variety of music to suit every taste.

Meriden also offers 15 public parks and 15 playgrounds, picnic grounds with fireplaces, a Municipal golf course, 10 tennis courts, 30 ball fields, 9 basketball courts, 1 public swimming pool, and 2 stadiums. Falcon Field received a \$4 million reconstruction, with artificial turf making it a state of the art facility for football, soccer and more. The Quinnipiac River Linear Walking Trail is a spectacular place to walk starting at Red Bridge and ending near the Meriden/Cheshire town line; phase II was completed in 2013 with another 1.2 miles extending behind Wilcox and Platt High Schools.

## REAL COMMUNITIES (CONT.)

### ARTS, CULTURE & ENTERTAINMENT...

Meriden is a community with a wealth of cultural opportunities.

The Castle Craig Theatre, home of Castle Craig Players, located in downtown Meriden, is a popular center for the arts offering performance year-round. Our communities' schools and youth agencies, including the YMCA's, Spanish Community of Wallingford, Boys and Girls Clubs, Women and Families Center, Girls Inc. of Central Connecticut, offer educational, recreational, training and performance opportunities as well as after school and summer programs.

The Augusta Curtis Cultural Center is a rare jewel of a building. Originally Meriden's library, this over 100+ year-old marble, Greek-revival building offers three floors of gracious space that magically turns into performance, exhibit and special event space throughout the year.

The Public Libraries offer year-round exhibits of local interest, historical interest and of course, literary interest.

Meriden also offers an ample selection of support services for the Arts & Culture, including Gallery 53 - Arts & Crafts Association of Meriden that offers art shows, receptions, classes and a whole lot more. Historical homes are a highlight including the 1711 Solomon Goffe House, the Andrews Homestead, and the Meriden Historical Society.

**SHOPPING...** Whether you are a casual shopper, or a connoisseur with extraordinary interests, you will be delighted with the variety of retail stores. Westfield Meriden is the regional shopping mall with more than 150 boutiques, jewelers, and other specialty stores. Route 5 and 15 is our main retail boulevard that is the "main drag" in Wallingford, continues with retail through Meriden and becomes the Berlin Turnpike in Berlin. Numerous other sites from local malls to Wallingford Center complete the diverse suite of offerings. C-Town Supermarket made downtown Meriden their home in 2014 and specialty markets like Noack's Meat Products and V. Czapiga & Son offer the best in local specialties and groceries at affordable prices. All chocolate lovers know of the superior quality and selection at Thompson Chocolate.

**DINING & LODGING...** The area's diversity is reflected in the many dining opportunities the region has to offer. From authentic Spanish cuisine to world famous steamed cheeseburgers, we have it all. Enjoy breakfast at one of our hometown eateries or choose freshly made pastries from a family run bakery. Many fast food options allow for lunch on the run, or for a more leisurely paced visit one of our many fine restaurants. For business functions, select from convention facilities or one of our excellent caterers. Central CT has something for every palate and price range! Chamber member restaurants, delis, and other food providers may be found in this directory and on [www.midstatechamber.com](http://www.midstatechamber.com) or at [www.midstaterestaurants.com](http://www.midstaterestaurants.com). Lodging facilities comprise a range of accommodations from economy class motels to full-service conference centers. All are easily accessible along major highways with professional staff eager to assist you, whether you're looking for a romantic getaway, planning a wedding or hosting a conference. From overnight stays to extended lodging, visitors can find accommodations suitable to their every need.

Hubbard Park is the location of the Annual Daffodil Festival - and Midstate Chamber organizes business expo tent!
