ACORD INC.

A Community of Respect & Dignity

We are a private, non-profit agency serving adults with developmental and intellectual disabilities. ACORD was founded, in 1985, by academic and human service professionals in collaboration with families and friends of persons facing these challenges in the Greater Wallingford area.

We proudly mark our 35th year of providing a high quality, creative range of community-based services, affirming and respecting the dignity and uniqueness of individuals while exceeding their expectations.

It is our mission to empower our participants to:

- Live and express themselves as unique individuals
- Achieve or maintain their own safety, security and well-being.
- Pursue daily happiness and personal dreams through employment, a comfortable home, recreation and other socialized settings
- Increase independence, overcome obstacles and expand life skills
- Reinforce self-respect and self esteem
- Celebrate their successes
- Enrich and contribute to their community
- Meet people who share similar interests

Please contact us at 203-269-3599 or through our website [acordinc.org](http://acordinc.org) to discover more about us.

ACORD is qualified as a provider by the Connecticut Department of Developmental Services (DDS); incorporated in the State of CT and is managed by a volunteer Board of Directors.
