A MESSAGE TO OUR READERS

We are delighted to share with you our 125th Anniversary Edition of **InSight Magazine** – known as “The Chamber Book”! This publication is created to highlight the valued members of the Midstate Chamber of Commerce and the central Connecticut community. It is also known as THE RESOURCE for business people, residents and visitors. You can also find this stellar resource guide at www.thechamberbook.com.

Jean-Baptiste Alphonse Karr wrote, “the more things change, the more they stay the same”. In this, our 125th year in business, we can say this about the Midstate Chamber: we remain **THE BUSINESS ADVOCACY GROUP, CONVENER AND CONNECTOR** for our region’s businesses and organizations that we were back in 1896. The means by which we advocate, convene and connect have certainly changed, but we are still the original “social networker” - *and were* - much before social media platforms like Instagram and Facebook existed!

The Midstate Chamber represents close to 500 area businesses and organizations - these are our valued members and the reason we exist. Often we work quietly behind the scenes with one-on-one meetings. Other times we act more in the public arena with public policy statements like our Annual Legislative Action Agenda. We are involved in and work on the concerns that affect all businesses like housing, legislative issues, cradle to career education, transportation and workforce development. These are all regional initiatives that are important to the business community and that is the reason why we actively participate with an expanse of partners within and well beyond our own municipal borders, like the formation of the *Nutmeg State*

The Midstate Chamber of Commerce, Inc.

Chamber Alliance (see page 10).

We offer many special events and programs to connect our members to each other and keep them informed, but our work does not stop there.

In March of 2020 when our state shut down due to the COVID-19 crisis, our work, connections and advocacy became as critical as ever. *It is times like these that remind us of the important work that we provide in terms of “member support”.* During this challenging 15+ months, this Chamber assisted area

Since 1896,
we remain the

nesses and orga-
nizations... The

businesses in navigating the “alphabet soup” of federal relief programs like PPP, EIDL, RRF and SVOG while disseminating information on various local programs for area businesses and residents.

We are still in this **TOGETHER** and will get through this **TOGETHER**. Our motto in 2020 became: “**Improvise. Adapt. Overcome.**” and we recently added “**Appreciation. Anticipation.**” to our messaging. When we found ourselves catapulted outside of our comfort zones we persevered and are now on the path to recovery. We have found a new gratitude for human interaction as we look forward to in-person events - especially our 125th Anniversary Celebration in September 2021.

The Midstate Chamber prides itself in its diverse membership and program of work - reflective of our communities and member businesses. We’re also known to be a very open and friendly organization that is *always welcoming* area businesses to become a member of our organization.

If you share in this enthusiasm and you want to be involved in the next 125 years of *growing our local economy and supporting local business*, feel free to contact the Chamber today and we’ll get you connected!

On behalf of our Staff and Board of Directors, we thank you for the past 125 years and eagerly anticipate the next 125!

Dan Quesnel, Liberty Bank and Chairman of our Midstate Chamber Board of Directors with Rosanne P. Ford, President of the Midstate Chamber of Commerce.

With combined membership of over 900, this allows us to have a greater impact both on the business climate within the state and with officials on the local, state, and federal levels.

This unique model retains the local chamber's Boards, Presidents and Staff while establishing a new Alliance Board made up of representatives from both organizations. The model also creates

an opportunity to best support our member businesses - of all sizes.

Highlights include: continued focus on local activities and businesses; more opportunities to connect (individuals and businesses); greater outreach to more markets; many combined events, activities, committees; increased advocacy and influence; more in person interaction to grow our businesses; larger geographic region in which to work.

Members enjoy reduced rates to join each chamber, allowing for even more exposure for their business! Learn more at www.midstatechamber.com.

STUDENT EDUCATION AWARDS

The Sanford S. Shorr Education Awards historically had been given to students that are Meriden residents who are graduating high school as well as students returning to college. These awards are in honor of Sanford S. Shorr, who served as Executive Vice President of The Midstate Chamber of Commerce for 29 years. The award winners exemplify the high values, outstanding character, and dedication to community service that have, and continue to, epitomize the life of Sanford S. Shorr. Proceeds from the [Chamber's Annual Golf Tournament](#) support these Education Awards.

In 2015, our Board of Directors voted to EXPAND the eligibility of the applicants. NOW, any Meriden resident may apply AND ALSO any Midstate Chamber member in good standing - employees and dependents may apply for the awards!

In 2006 we added an additional award from the Chamber's [HOLA \(Hispanic Outreach Leaders In Action\) Committee](#) that was formed in October 2005. Applicants must be Hispanic students graduating from high school or returning to college. Proceeds for this award are generated through fundraisers by the (Hispanic Outreach Leaders In Action) Committee.

In 2007 the Chamber's [Young Business Leaders of Connecticut](#) were born. YBLCT members are engaged in community life, are interested in expanding professional and social opportunities and serve as ambassadors for the greater Meriden area. The group created the [Dan M. Hunter Community Service Education Award](#) in 2009 - it is given annually to a graduating high school student who shows exemplary grades, above average participation in school-related activities and has proven to be a valued asset to his/her community.

In 2015, [Bruce H. Kannenberg & Jonal Laboratories, Inc. Education Award](#) was added. This 4 year award for \$1,000 per year is for a Meriden resident graduating from a Meriden Public School who will be pursuing a degree in STEM (Science, Technology, Engineering, Math) or Business.

125 YEARS OF BUSINESS & COMMUNITY LEADERSHIP

The Chamber is organized for the purpose of encouraging and promoting the advancement of commercial, industrial, community and general interests of the greater Meriden area - comprised of the City of Meriden, Connecticut and surrounding communities. This wording is taken from the Chamber bylaws which have guided this organization for the past 125 years. It is impossible to highlight all of the accomplishments that the Midstate Chamber has been involved in for all of this time, but we are able to share some of the history in the following pages that include archives of annual awards, a list of all of the Board Chairpersons, ribbon cuttings over the years, and a timeline of the history of the Chamber from it's inception in 1896 to today. We also thank Record-Journal and newspapers.com / ancestry.com for access

to news archives and you will see some of those pictures and headlines here. They will also be available for viewing at www.midstatechamber.com/history-of-the-chamber.

On behalf of the Board of Directors and Staff of the Midstate Chamber of Commerce, we invite you to join us for another 125 years of business and community leadership!

When it comes to running a small business, Elsa Bradford has no peer. So says the state Small Business Association, which will present Bradford, a Meriden resident and the first woman to serve as president of the local Chamber of Commerce, with its second annual Small Business Person of the Year Award.

The award is one of four to be given Monday afternoon by the association, which is affiliated with the state Department of Economic Development. The ceremonies will be held at the Aqua Turf Club in Southington.

Members of the local business community credit Bradford with assuming control of her family business — Meriden-based Connecticut Electric Equipment Co. Inc. — and helping it to flourish following her husband's death in 1965.

They also say she has been a significant factor in Meriden's economic

Shorr To Retire From Chamber

Sanford Shorr, executive vice president of the Greater Meriden Chamber of Commerce, announced Thursday that he will retire from the post, effective Jan. 1.

Shorr, who served more than 29 years in the position, wrote the chamber's board of directors that it was time for a change. He said that waiting until Jan. 1 to resign will allow the directors time to establish a committee to search for a replacement.

ABOUT THE REGION

Meriden is a thriving, diverse and growing community with a population of approximately 62,000 and has an area of 24 square miles. Meriden is *17 miles from Hartford, 18 miles from New Haven, 90 miles from New York and 120 miles from Boston*. Meriden is at the crossroads of routes 91, 15, 5 and I-691. The new *Hartford Line* rail service provides 17 trains / day between New Haven and Hartford, and 12 of those trains continuing to Springfield. The Hartford Line quickly and easily connects you to New Haven Line service to New York City, Amtrak Northeast Corridor rail services, and Shore Line East service, as well as CTfastrak bus rapid transit service in the Hartford/New Britain area. **Meriden, Wallingford and Berlin** all have new train stations to service commuters and visitors!

The Record-Journal is the local daily newspaper. Other regional papers include the Hartford Courant and New Haven Register. Meriden is home to WMMW (AM) and is the city of license for WKSS-FM. CT Public Radio, WNPR – FM90.5, broadcasts from West Peak in Meriden.

The civic vitality in the city is reflected in its various clubs, neighborhood associations, organizations and houses of worship. Countless opportunities exist for community service, worship, education, recreation and enjoyment. The support of these groups is critical, since much of their work and fundraising is directed back into the area.

Central Connecticut offers a wide variety of accommodations, from affordable rents, to reasonably priced condos to elegant homes in desirable, growing communities in which to start a new business or raise a family.

Wallingford is located just south of Meriden and is home to over 44,000 residents and covers an area of 39.8 square miles. Situated in the Hartford-New Haven corridor, Wallingford is traversed by U.S. Highway Route 5, Interstate 91, State Highways Route 15 (Wilbur Cross Parkway), Route 68, Route 71 and Route 150.

Berlin, Connecticut, the home of “The Yankee Peddler”, is located at the geographic center of the state. It has a population of around 20,000 within its 26 square miles. Meriden and Berlin share the “hanging hills” which provide for excellent hiking.

ABOUT MERIDEN, CT

The town of Meriden was founded in May 1806 and became a City in June 1867. Meriden was originally part of Wallingford. In 1727 it was granted a separate meetinghouse, named for the town of Meriden, West Midlands, England. Myth has it that it was named after the Merry Den Tavern that was located near present day Route 5. The oldest house still standing is the Solomon Goffe house built in 1711. In the 1800's Meriden earned the nickname "Silver City" due to the large number of cutlery and related products which were manufactured here by several companies including International Silver and Meriden Cutlery.

ABOUT WALLINGFORD, CT

The town of Wallingford was established on May 12, 1670. In the 1800's, Wallingford's industry expanded primarily with small pewter and Britannia ware manufacturers. By mid-century, Robert Wallace acquired the formula for nickel silver and established with Samuel Simpson, R. Wallace & Company the forerunner of Wallace Silversmiths. Later during this period many of the small silver and Britannia plants combined to form the International Silver Company with its headquarters in Meriden. Wallingford is the 23rd most populous community of Connecticut's 169 cities and towns.

ABOUT BERLIN, CT

In 1659, Sergeant Richard Beckley purchased 300 acres from the Mat-tabasset Indians to become the first settler in what was to become Berlin. Other families followed from Farmington in 1686 to begin the first settlement on Christian Lane. In 1785 the Town was incorporated and was renamed Berlin (was known as Kensington on the west side and Worthington on the east side. New Britain was part of Berlin until 1850). In the middle of the 18th century, emigrants from Ireland set up the first winware business pedaling their wares from house to house. Therefore Berlin became the birth place of "The Yankee Peddler". In 1886, the State Legislature granted a charter for what became the Berlin Fair which is still held annually on the first weekend in October. The Town council-Town Manager form of government was instituted with a charter revision in 1995-96. **For more Berlin, CT history, visit:** www.town.berlin.ct.us/category/subcategory.php?categoryid=14

When Employers Look For Good People, They Find Workforce Alliance

Businesses in Greater Meriden and Middlesex County are getting back to work, and looking for skilled, motivated people to fill immediate openings.

The narrative that people don't want to go back doesn't tell the whole story. Stimulus checks and extended unemployment benefits will never substitute for a strong career path and the chance to help build a company. What people need in order to return to the workforce is not only job openings, but on-the-job training, advancement opportunities, affordable benefits, paid time off, a predictable schedule and a livable wage.

That's where employers can make a difference and how they will build back their workforce.

Here is how Workforce Alliance helps employers:

We provide free workforce training, help off-set initial salary costs to hire someone who needs to close a skills gap, and access to a diverse candidate pool. We can help you recruit and screen candidates to fill local jobs with local talent by looking at things like transferable skills, industry certifications and potential. We can connect you to other resources through the CT Department of Labor including Shared Work and Registered Apprenticeship. We can even develop a customized training program for new hires or upskill your current workforce.

Even before the pandemic, time and resource constraints could make it challenging for business owners – especially small businesses – to invest in workers. Whether you run a restaurant, a retail store or a machine shop, Workforce Alliance can help.

Job quality – not job quantity – is our focus. Let us help make it yours too.

Visit our website at www.workforcealliance.biz/business-services for staff contact information. Main Office: (203) 867-4030.

REAL COMMUNITIES

REAL is an acronym for **Recreation, Entertainment, Arts, and Leisure**. REAL illustrates the quality of life in our central Connecticut communities, reinforcing the fact that it is a great place to live, a terrific place to play and a wonderful place to raise a family. You can use this Membership Directory and Community Guide or visit the Chamber web site for the current listing of the Chamber members that are here to partner with our residents and visitors to help you make memories to last a lifetime!

PARKS & RECREATION...Meriden's outstanding system of parks and open space is one of the finest in the entire state. With over 3,000 acres of park land, the total percentage of Meriden's land devoted to parks is 17.6%, and no other city in New England can match that! The city's scenic location offers infinite opportunities to enjoy the beauties of the outdoors. East Peak/West Peak, the mountain on which Castle Craig is situated, is the highest elevation within 25 miles of the coastline from Cadillac Mountain in Maine to Florida. Castle Craig rises 1,002 feet above sea level and offers a spectacular view of the area, and on a clear day, even the Sleeping Giant Mountain range to the south, along with New Haven, Long Island Sound and the edge of Long Island may be seen. The Castle Craig Tower atop the peak is a regional landmark and is the silhouette in The Midstate Chamber of Commerce Logo. Castle Craig is located inside Hubbard Park.

Hubbard Park, built with consultants from John Olmstead, the step son of Frederick Law Olmstead, who designed Central Park in New York City, is one of the loveliest in New England. The park covers 1,800 acres and offers skating in the winter on Mirror Lake, tennis courts, a pavilion, swings and playground equipment for children, hiking, Bandshell, swimming pool, outdoor education and picnic facilities. Hubbard Park is the scene of wonderful seasonal activities, including the Daffodil Festival in

April, when 600,000 daffodils display their spectacular beauty. This event draws visitors from throughout New England and beyond. Several events are scheduled year round in the park - even in December, when, during the Festival of Lights, the park is aglow with thousands of lights fashioned into fantastic sculptures. Outdoor music concerts at the James J. Barry Bandshell are often presented free of charge and offer a variety of music to suit every taste.

Meriden also offers 15 public parks and 15 playgrounds, picnic grounds with fireplaces, a Municipal golf course, 10 tennis courts, 30 ball fields, 9 basketball courts, 1 public swimming pool, and 2 stadiums. Falcon Field received a \$4 million reconstruction, with artificial turf making it a state of the art facility for football, soccer and more. The Quinnipiac River Linear Walking Trail is a spectacular place to walk starting at Red Bridge and ending near the Meriden/Cheshire town line; phase II was completed in 2013 with another 1.2 miles extending behind Wilcox and Platt High Schools.

SHOPPING... Whether you are a casual shopper, or a connoisseur with extraordinary interests, you will be delighted with the variety of retail stores. Meriden Mall is the regional shopping mall with more than 150 boutiques, jewelers, and other specialty stores. Route 5 and 15 is our main retail boulevard that is the "main drag" in Wallingford, continues with retail through Meriden and becomes the Berlin Turnpike in Berlin. Numerous other sites from local malls to Wallingford Center complete the diverse suite of offerings. Specialty markets like Noack's Meat Products and V. Czapiga & Son offer the best in local specialties. All chocolate lovers know of the superior quality and selection at Thompson Chocolate.

DINING & LODGING... The area's diversity is reflected in the many dining opportunities the region has to offer. From authentic Spanish cuisine to world famous steamed cheeseburgers, we have it all. Enjoy breakfast at one of our hometown eateries or freshly made pastries from a family run bakery. Fast food options allow for lunch on the run, or for more leisurely paced dining, visit one of our many fine restaurants. For business functions, select from banquet facilities or one of our excellent caterers. Central CT has something for every palate and price range!

Chamber member restaurants, delis, and other food providers may be found in this directory and on www.midstatechamber.com or at www.midstaterestaurants.com. Lodging facilities comprise a range of accommodations from economy class motels to full-service conference centers. All are easily accessible along major highways with professional staff eager to assist you, whether you're looking for a romantic getaway, planning a wedding or hosting a conference. From overnight stays to extended lodging, visitors can find accommodations suitable to their every need.
